

Images are provided in the following formats.
SVG, SVG (Outline), DXF, EPS, PNG

For tips on how to load the images to your own software
consult online instructions about your own device.

Each layer is cut out on it's own from a peice of heavy paper at least
8.5x11 for an 8 inch framed shadow box and foam tape inserted between
most layers.

Alternate colors can be selected as desired.

Layers:

Blue Background
Green Mountains
Yellow Sun
White Clouds
Grey Hills
Black Tree
Pink Flowing Tree
Red Frame

The default construction method is for the
first the 8 layers to be sandwitched with
foam tape inbetween.
